

Estrategias de cálculo mental: descomposición y conteo

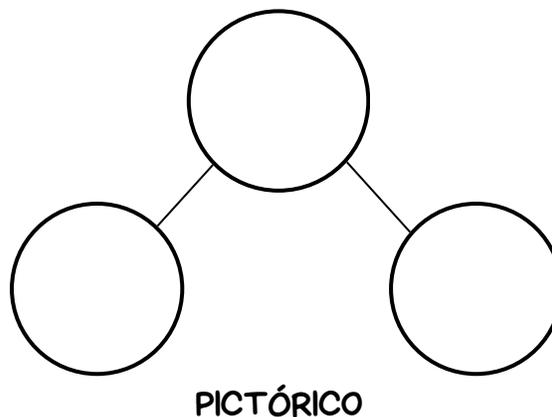

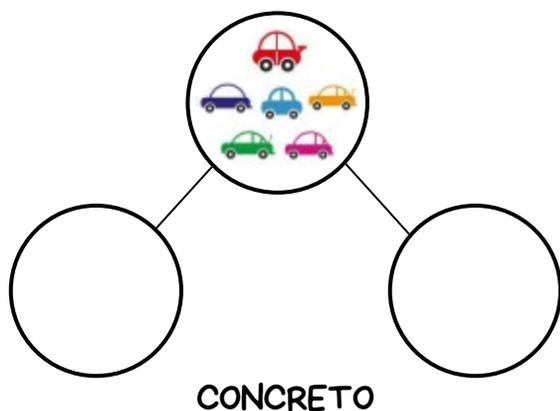

12
34

1. Registre de manera pictórica descomposiciones hechas con material concreto. Por ejemplo, las descomposiciones siguientes hechas con cubos:

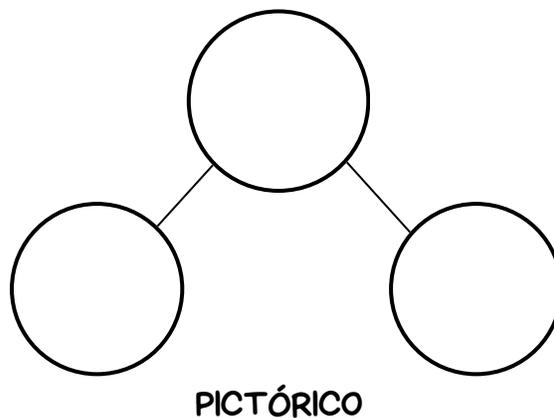

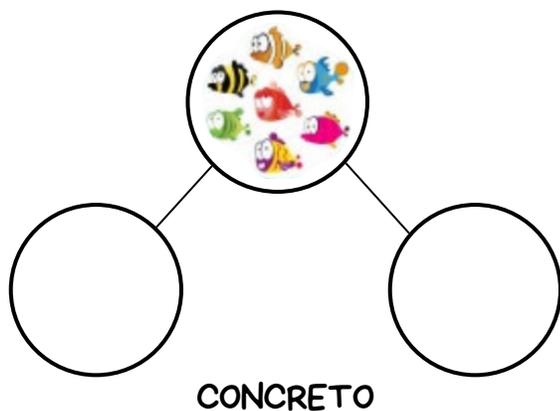

2. Descomponga los círculos:

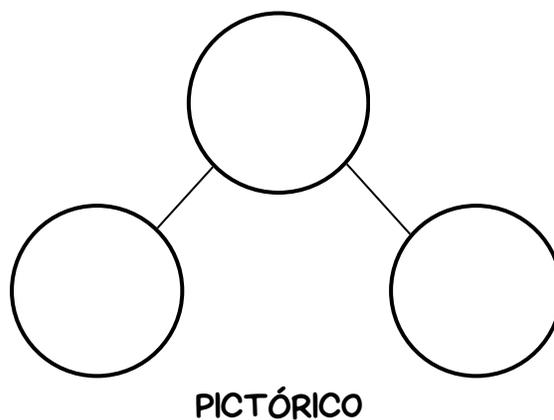

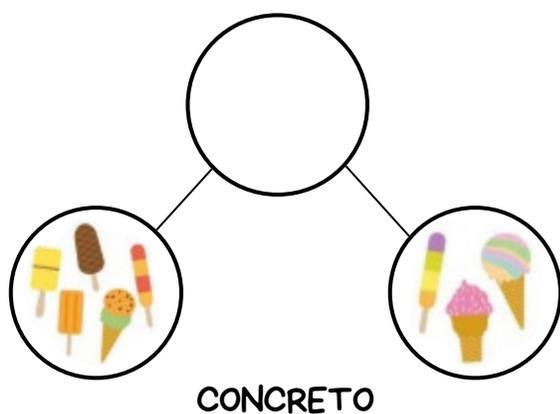

a) Observe que hay 6 autos en el círculo de arriba. Descomóngalos en forma concreta y pictórica:

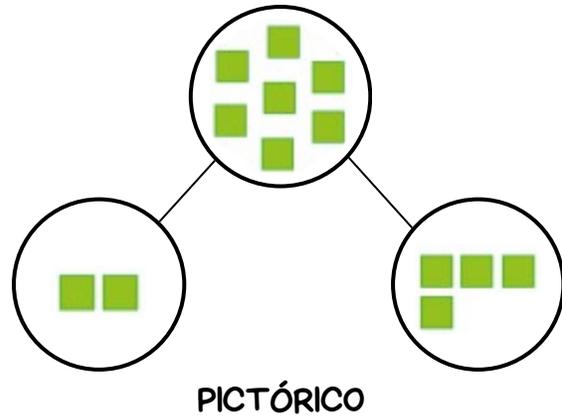

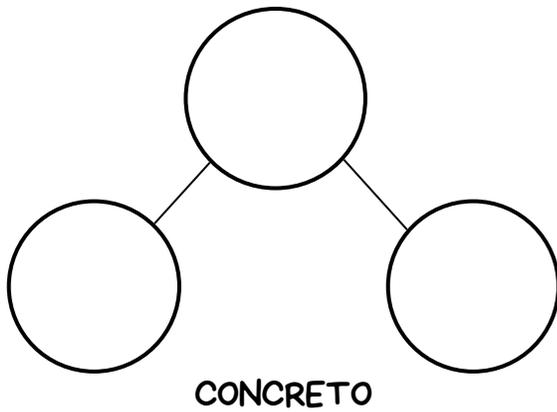

b) Observe que hay 7 peces en el círculo de arriba. Descompóngalos en forma concreta y pictórica:

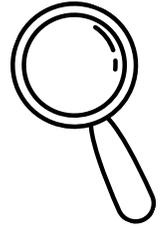

3. Componga registrando con material concreto; luego realice el mismo proceso al lado derecho de manera pictórica.

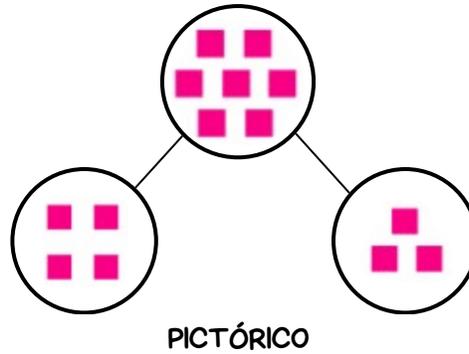

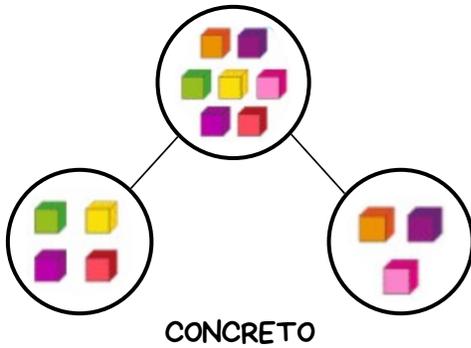

4. Realice de manera concreta la descomposición que esta representada en forma pictórica.

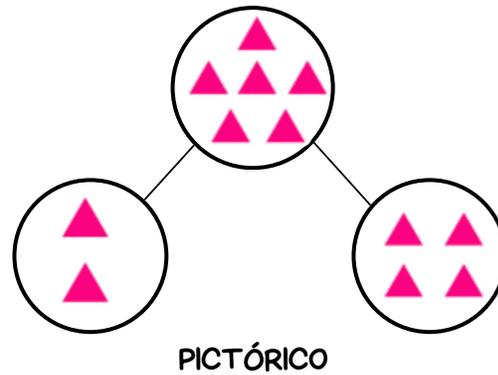

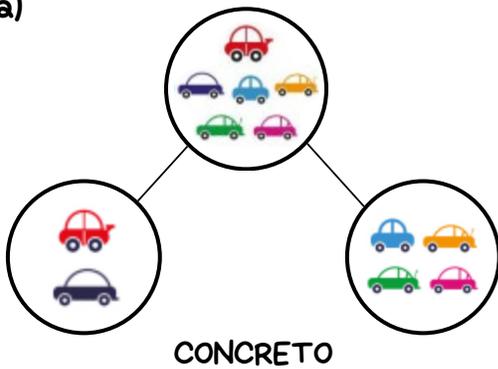

Resultados:

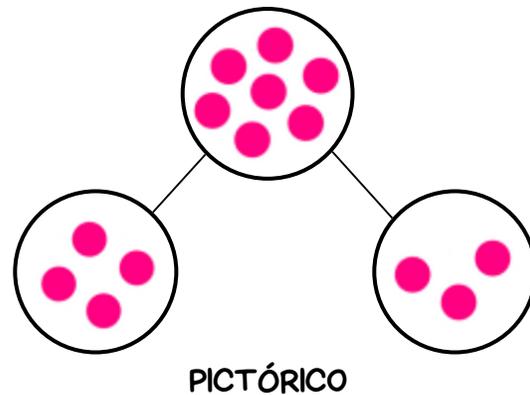

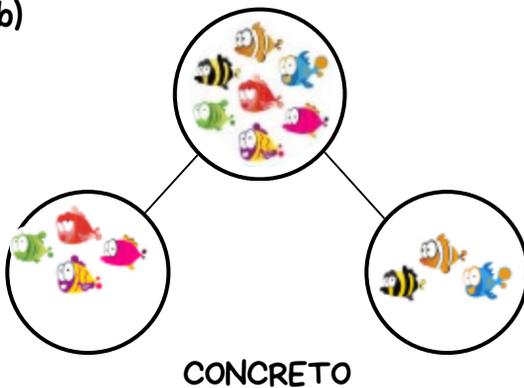

1.

2. a)

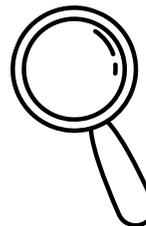

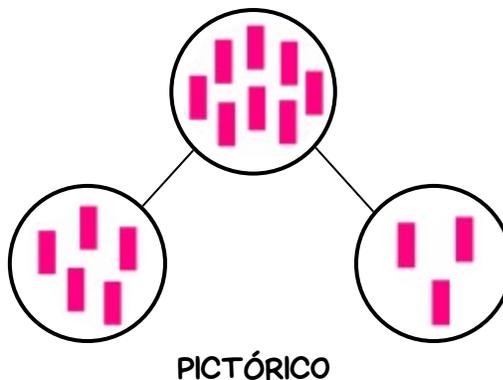

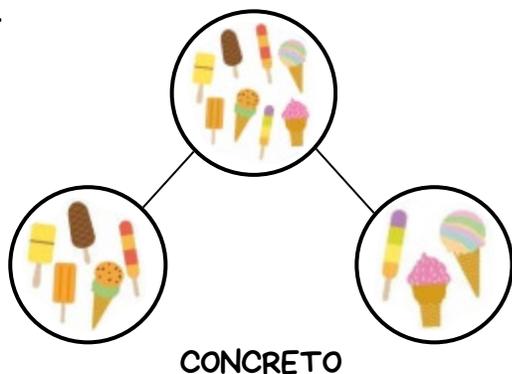

b)

Resultados:

3.

4.
